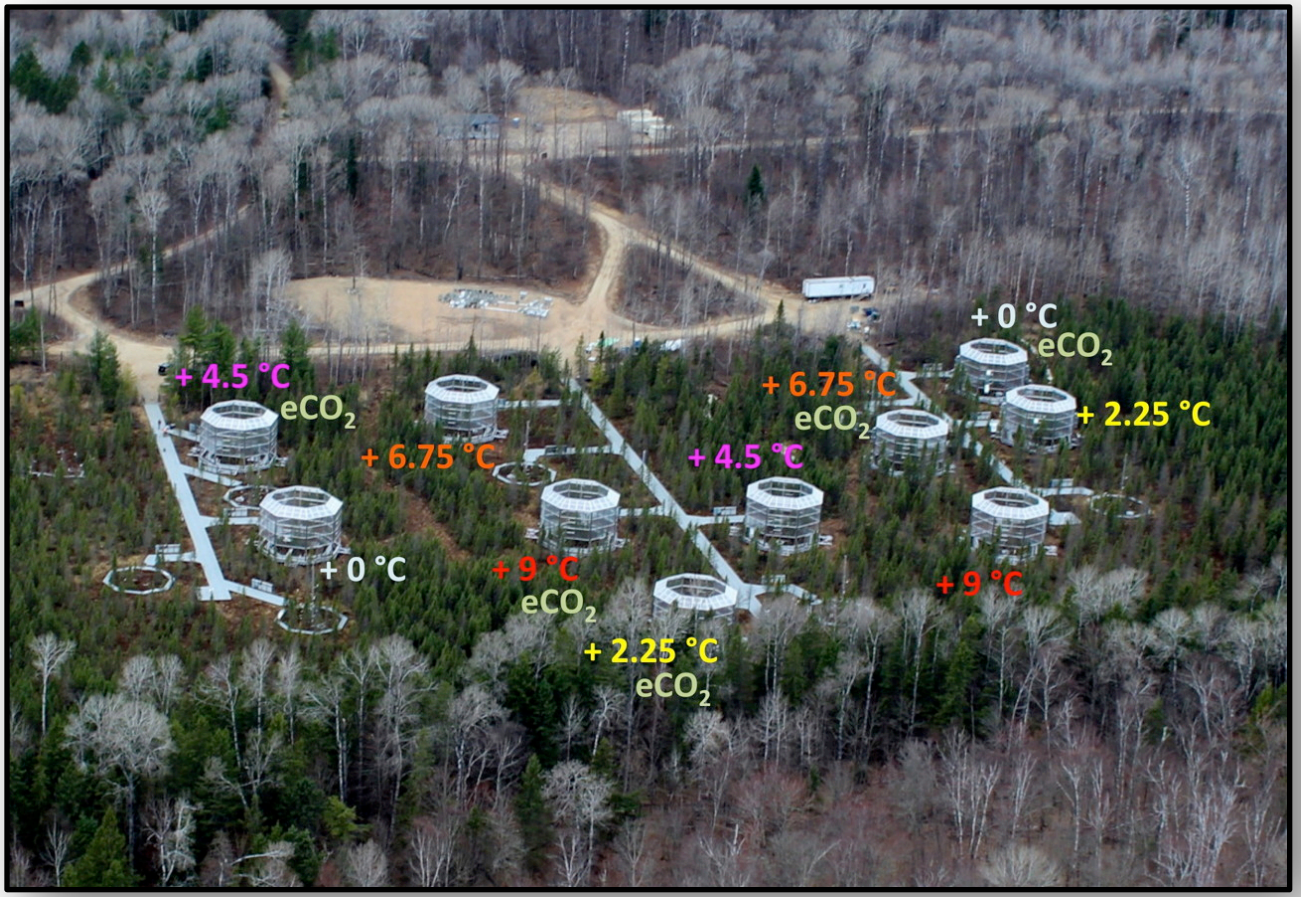
Tree and Equipment Positions For SPRUCE Plots and Enclosures

Paul J. Hanson

30 Sep. 2015



Legend for the Plot Maps (shown over a 1 x 1 m square grid)

1. Tree locations are approximate (circle diameter is dbh – scale shown)
2. Temporary bridge locations =
3. Heater casings =
4. CO2/CH4 Flux collar =
5. Minirhizotron installations = Mr or AMr
6. Coring location Aug2012 and June 2014 = CC C CC C C_{kb}
7. Tower location =
8. Guy wire =
9. Water Table Depth Well =
10. 0.5 m Temp/RH = 0.5
11. Water sampling Array
12. Elevation Standard

Legend for the Plot Maps (continued)

13. Community Plots (corner stakes marked)

14. Resin Arrays 
15. Ingrowth Cores

16. Small-diameter water sampling Array

17. Finzi Hummock and Hollow collars

18. Belowground Temperature Probes

19. NPP Clipped Plots

20. Junction Box

21. Sap/Dendro Box

22. Decomposition Sample Areas

Symbol sizes on the maps are scaled to the 1 x 1 m grid. Tree circle diameters are not to scale. Clipped NPP plots under the entry temporary boardwalks are not represented.
